TPI 08 Planetary Gear Bearing Arrangements in  
Industrial Gearboxes

■ [windpower.schaeffler.com](http://windpower.schaeffler.com)  
– Wind Power animation on the Internet

The Wind Power animation gives a clear and comprehensive presentation of Schaeffler's range of products and services for wind turbines.

The animation is available in German and English.

The Wind Power animation is available as a microsite on the Internet at:  
<http://windpower.schaeffler.com>.

If you have any other questions or require further information, please contact your Schaeffler Sales team.

■ **Solutions for all power transmission applications – TPI 08 Planetary Gear Bearing Arrangements in Industrial Gearboxes**

Industrial gearboxes are increasingly designed more compactly with continuously increasing performance.

Schaeffler has solutions with high customer benefits for these requirements in planetary gearboxes.

In publication TPI08, you will find the technical principles for designing bearing supports as well as interesting products and applications.

The publication is available in German and English.

The PDF files are available for download on the Internet at the following link:
