3. Definitions

Liaison (contact person): the LuK Savaria employee who orders/requests the work, or any person of at least middle-management position who makes the work preparations for persons carrying out the work, or hosts or escorts visitors.

External Party: a person not employed by LuK Savaria Kft., who works for LuK Savaria Kft. based on valid contract or order.

External subcontractor: an employee who gets integrated into the employee organization of LuK Savaria Kft., and whose work is controlled directly by LuK Savaria Kft.

External 3rd Party: an employee who performs his/her work according to the framework requirements given by LuK Savaria Kft., but who is not controlled by LuK Savaria Kft. directly.

Transit = transit traffic going through the noisy area (passing from one silent area over to another silent area, without stopping in a noisy area, brief review or coordination discussion).

Unless otherwise expressly authorized by LuK, the disclosure and copying of the present document, and the use and communication of the contents thereof are prohibited. Alle Rechte für den Fall der Patent-, Gebrauchsmuster- oder Geschmacksmusterertragung sind LuK vorbehalten

4. Description

It is mandatory to wear hearing protection equipment in all noisy areas of Hall III/A, except for the transit.

The silent warehouses, as well as the noise free shops, offices, measuring rooms and other rooms of the production area usually constitute exceptions. However, it is mandatory to use hearing protection in the vicinity of sources of noise operated occasionally in silent areas. In such case, wearing hearing protection is also mandatory for the persons who are in the impact range of the sources of noise.

5. Process and responsibilities

The determination of the hearing protection equipment to be provided shall be the task of the environmental protection, work safety and fire protection (hereinafter referred to as EHS) group. Based on the specifics determined by the EHS groups, the purchasing department shall be responsible for selecting the types of the concrete hearing protection gear and for keeping constant stock thereof. The hearing protection equipment may be requested and taken from the H&B warehouse on the appropriate form countersigned by the immediate workplace superiors.

The immediate workplace superiors, as well as the **liaison** (contact person) shall be responsible for the provision of the hearing protection equipment in the departments.

If the external party gets integrated in the employee organization of LuK (subcontractor), and the work of such party is controlled directly by any LuK workplace executive, then the immediate LuK workplace executive shall be responsible for the provision of the hearing protection equipment of the external party, except if any contractual agreement provides otherwise.

If the external partner performs his/her work according to the framework requirements given by LuK Savaria Kft., but is not controlled by LuK Savaria Kft. directly, then the external work

Unless otherwise expressly authorized by LuK, the disclosure and copying of the present document, and the use and communication of the contents thereof are prohibited. Alle Rechte für den Fall der Patent-, Gebrauchsmuster- oder Geschmacksmusterertragung sind LuK vorbehalten

supervisor or work foreman, or the LuK contact person shall be responsible for the provision of the hearing protection equipment of the external partner (3rd party), except if any contractual agreement provides otherwise.

The contact person shall decide on the hearing protection of visitors, after having considered the dangers and the provisions of the policy (with the involvement of the EHS group, if necessary).

All executives and contact persons shall regularly inspect the wearing of the protective equipment within their area of competence.

Breach of the work instruction may result in disciplinary procedure.

The workplace community is also obliged to warn those who violate the rules.

The policy shall be reviewed at least every 3 years. The sector leaders and the segment leaders shall notify the EWS group of all significant technological changes and / or changes concerning working methods, in order to ensure the urgent review of the policy.

The immediate workplace superiors (in case of external parties, the work supervisors, work foremen and the contact person) shall be responsible for the introduction and enforcement of the present work instruction.
